

D.O.No. AP/SBM/04/2015

Date: 18th November 2015

Dear Sir/Madam,

Sub: Swachh Bharat Mission City Rankings Survey – Achieving Individual Household Latrines mission target

As you are aware, to encourage cities to improve urban sanitation, Ministry of Urban Development is going to conduct a ranking survey of the recurring nature and subsequent rating of the focus 75 cities on various mission components. Among other evaluation parameters, Individual Household Latrines (IHHL) has been given a 15% weightage. The evaluation of IHHL will be based on the 2011 census for enumerating the Individual Household Toilet to be constructed. High weightage will be awarded to cities based on their respective performance against the IHHL target, achieved by 31st December 2015.

2. To clear the backlog of IHHL and score better in the survey, as mentioned in my letter dated 17th November, 2015, I request you to invoke emergency/public interest measures to take up the construction of IHHLs on war-footing by allocating the work by nomination equally among all the registered and eligible contractors in the ULB concerned

3. The insanitary latrines in the city to be converted into sanitary latrines. All insanitary IHHLs will be considered against the total IHHL target.

4. Complete information with regard to IHHL component i.e. total applications received, sanctioned and toilets constructed need to be updated on the SBM portal, as the same will be captured directly from the portal as part of the evaluation.

एक कदम स्वच्छता की ओर

5. I request you to cooperate and take action on the above mentioned points to get higher points against IHHL and direct the ULBs under your control for immediate necessary action on emergency basis.

With regards,

Yours sincerely,

(Praveen Prakash)
