D.O.No.15/3/2015-SBM (Pt.)

Dated the 15th March, 2015

Respected Sir,

Under the Swachh Bharat Mission (Urban), it has been decided that the monitoring will be done solely on web-based portal of the Mission. Accordingly, the States/UTs are required to upload the data of SBM components on the Portal giving details such as Toilet Applicant's details, photos, geo-tagged photos of the Household Latrines etc. in case of Individual Household Latrines (IHHLs); the photographs of completed Community Toilets in different views and those in construction etc; and the photos of SWM vehicles, equipment and processing plants etc. on the National SBM (U) web portal. Such database building is the only way to showcase the States' SBM implementation on real time basis.

In this connection, the Mission Directorate of Mizoram has been complaining of slow speed in uploading data, system errors, low-bandwidth and system downtime etc, due to which the online SBM records of Mizoram are NIL. While the National Portal administration is continuously engaged in upgrading the portal, in order to overcome connectivity problems, the use of the infrastructure and services of the Resident Commissioner of Mizoram stationed at New Delhi can be an effective means of overcoming the portal uploading issues. The Mizoram State SBM Directorate may regularly send data records to the Resident Commissioner for uploading the same using official credentials.

I request you to kindly issue instructions to the Officers concerned to upload Mizoram's SBM Urban database urgently by themselves or by adopting the via media aforementioned.

Thanking you,

Yours faithfully,

(Praveen Prakash)
