D.O. No. Q-15014/2/2009-CPHEEO

Dated 9th April, 2015

Dear 

In continuation to my D.O. No. 15/3/2015-SBM dated 19.03.2015, clarifying various issues relating to Swachh Bharat Mission (SBM) implementation, it may be further clarified that Integrated Municipal Solid Waste Management, one of the admissible components under SBM, comprises waste segregation & storage at source, primary collection, secondary storage, transportation, resource recovery, processing and final disposal.

2. Under SBM, Central Government's assistance for Municipal Solid Waste Management projects, is Rs. 240/- per capita for present population for each city/town (i.e. for a city with 1 Lakh population, maximum central VGF/Grant admissible will be Rs. 2.4 crore).
3. Similarly, the cost of DPR preparation admissible for each city/town is Rs. 12/- per capita for present population.
4. Govt. of India's VGF/Grant may be used towards all project components or even for few deficient project components, depending on need, but to ensure that the entire SWM value-chain is enhanced and functions efficiently.

With regards,

Yours Sincerely,

(Praveen Prakash)

To

Principal Secretary, Urban Development Department of all the States.
