Kindly note that for the purpose of assessment under this component, survey agency will be verifying the municipal documentation against the data submitted in City Fact Sheets and City MIS to the Ministry of Housing and Urban Affairs. In the case that your city has multiple documentation/sources for specific data, the survey agency will take the data submitted in City Fact Sheets available on SBM portal, as the preferred source.

3. In this regard, you are requested to ensure that accurate and consistent data is submitted in the City Fact sheets and City MIS on a regular basis, in order to enable your city to obtain maximum marks under this component.
