Dear State Mission Director,

The Swachh Bharat Mission Urban (SBM-U) 2.0 Guidelines have been launched on 27<sup>th</sup> October 2021. In this phase of SBM-U 2.0, the focus is on scientific waste management and Legacy Waste Dumpsite Remediation, thus moving towards Garbage Free Cities.

2. In this aspect, MoHUA is conducting a series of **online Capacity Building and Knowledge Sharing workshops** to enable States/UTs and Urban Local Bodies to understand and implement the processes for legacy waste dumpsite remediation.
3. The discussions will include different aspects of **legacy waste remediation, sharing of experiences and challenges faced by ULBs** and dissemination of the **Swachh Bharat Mission - Urban (SBM-U) 2.0 Guidelines** specific to this issue. These workshops will be held from 12<sup>th</sup> to 18<sup>th</sup> November 2021 for various States as per the schedule in **Annex I**.
4. All State Mission Directors are requested to attend these workshops with ULB officials. Officers well-versed are also requested to present the status of legacy waste remediation in their respective States in the format attached as **Annex II**.
5. Additionally, States that have not submitted their proposals against the DO letter dated 27<sup>th</sup> October 2020 in the required format (proforma attached in **Annex III**) are requested to submit the same at the earliest. List of States that have submitted their SHPC approved proposals is attached in **Annex IV**.
