

OPERATIONAL GUIDELINES FOR SWACHH BHARAT MISSION- URBAN 2.0

OCTOBER 2021

Overview of SBM-Urban 2.0 (2021-26)

100% door to door collection of 100% source segregated waste (Wet, Dry and Domestic Hazardous Waste)

100% scientific management of all fractions of waste, including safe disposal in scientific landfills

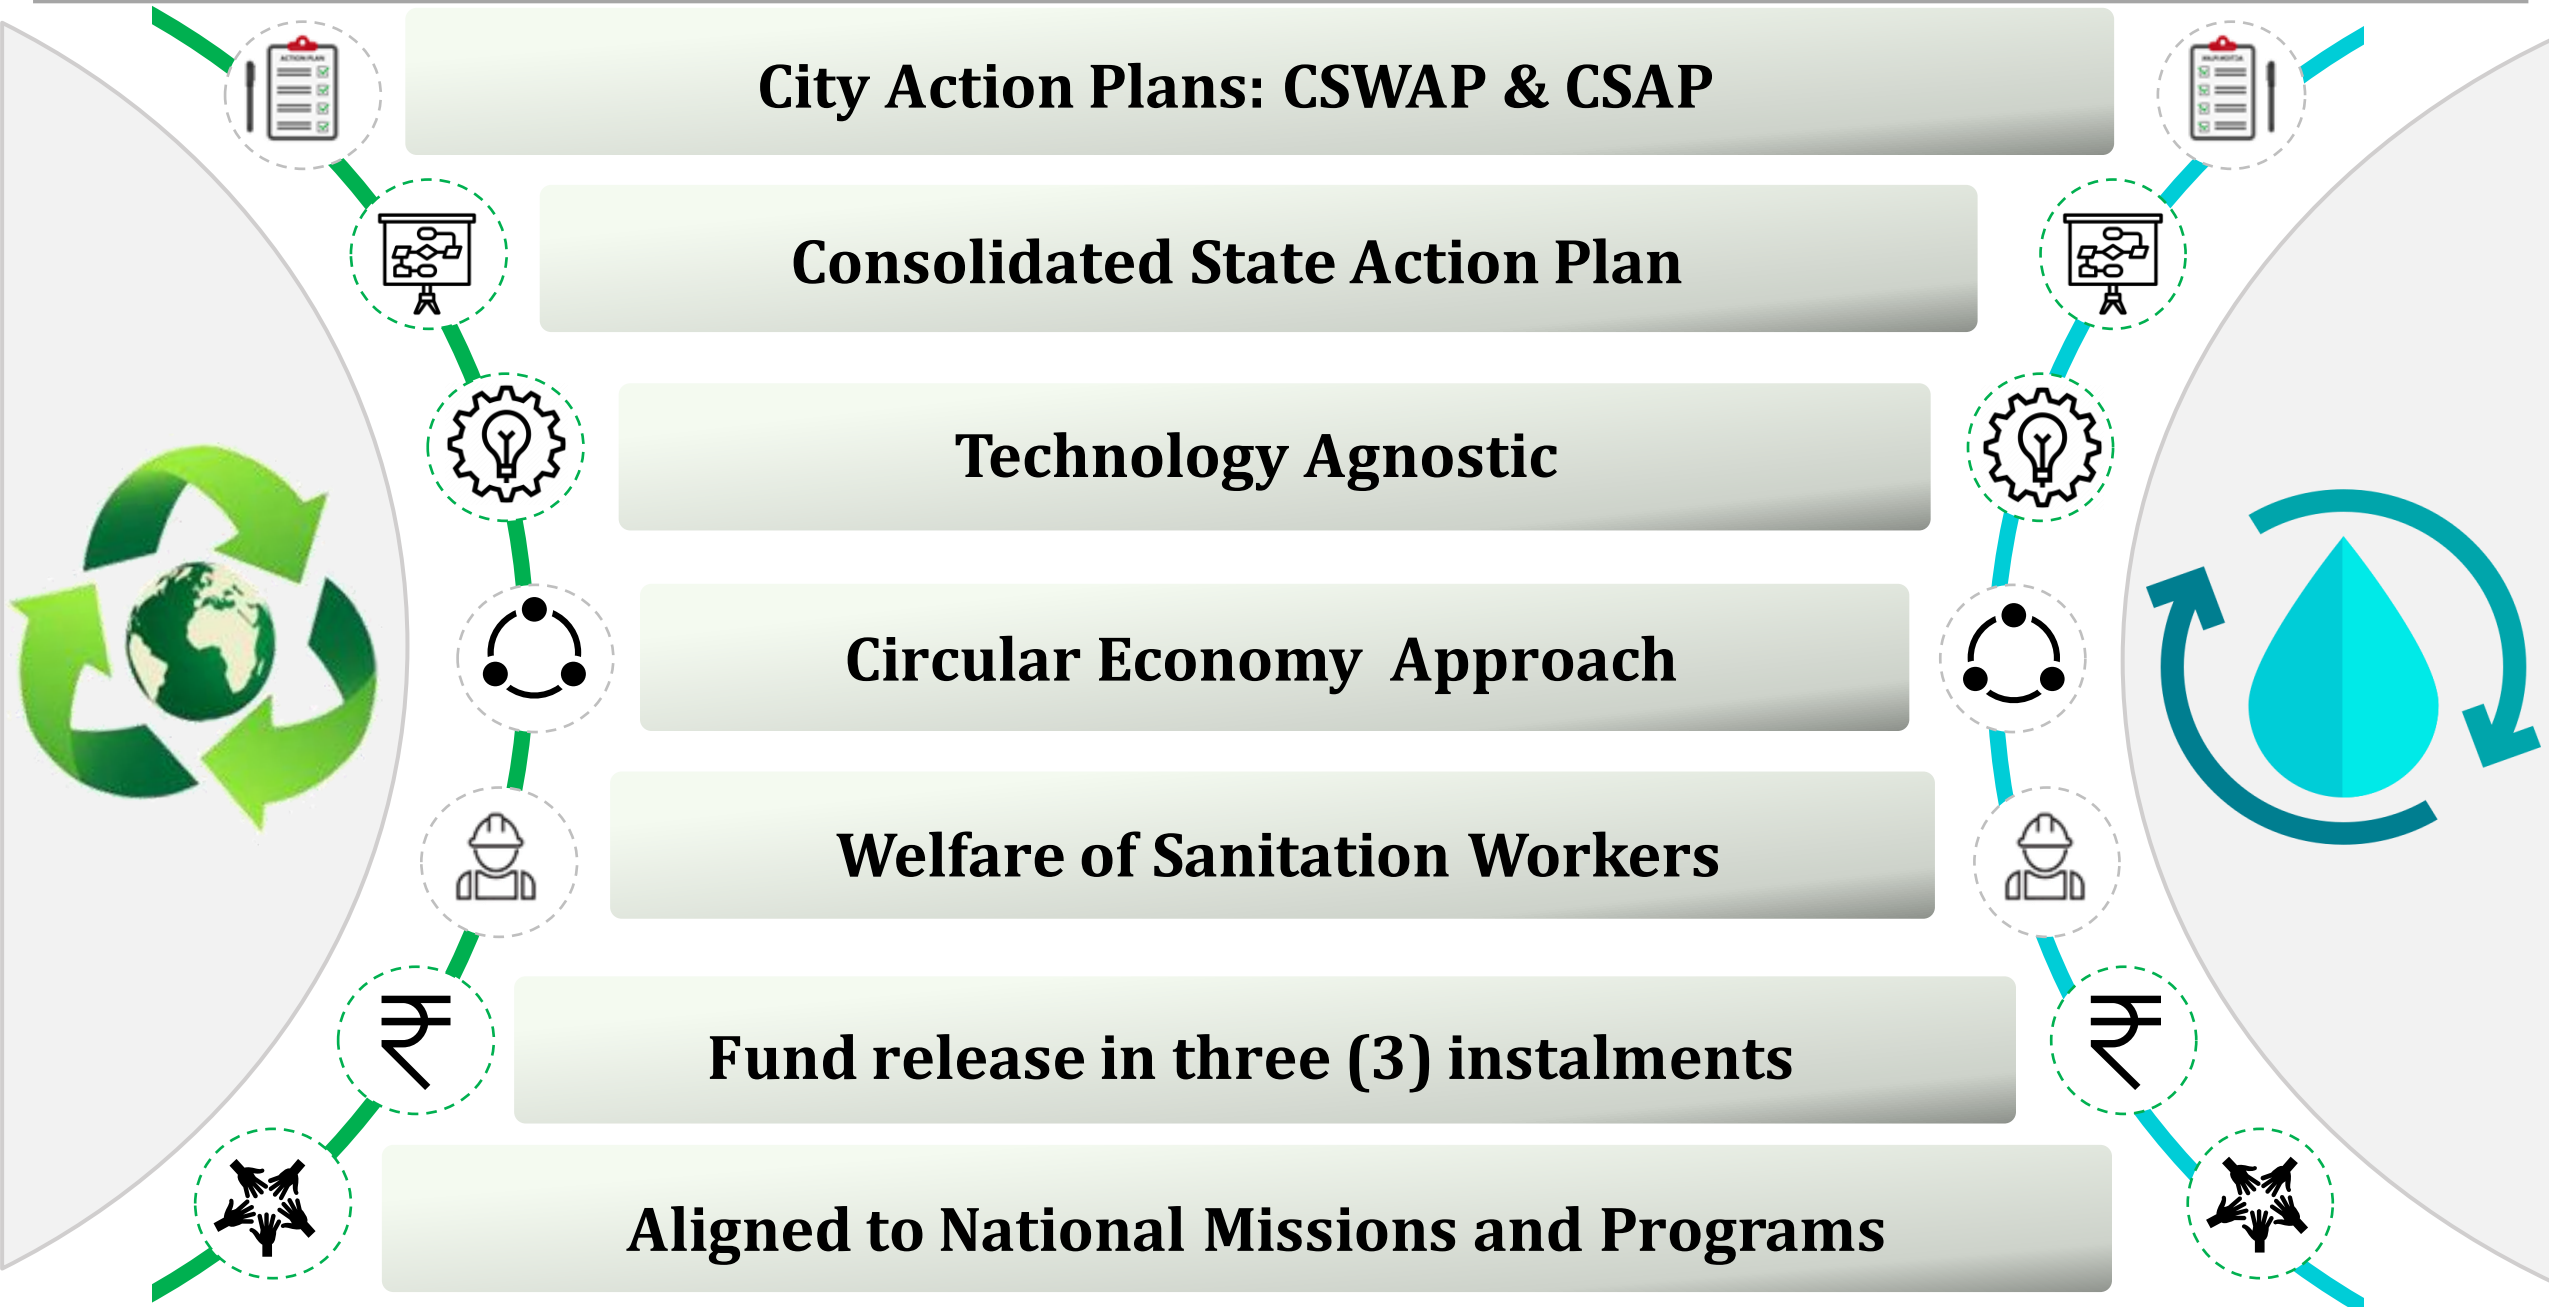

Mission's Vision:
Garbage Free Cities

Remediation of legacy dumpsites and conversion into green zones

Safe treatment of used water, including fecal sludge, especially in smaller cities

Focus on phased reduction in usage of Single-Use Plastic (SUP)

Solid Waste & Used Water Management

National Strategies for Communication, Capacity Building & Skill Development Strategy

Centre of Excellence

Collaboration with Swachhata Knowledge Partners

Swachhata Technology Challenges, hackathons

Ward level city volunteers and influencers for last mile citizen connect

Research & Development for low- cost, efficient and sustainable technology

Towards Garbage Free Cities: Expected outcomes

**Cities to be
certified at least
3-star Garbage
Free, or higher**

**All cities to
become ODF+**

**All cities to
become at least
ODF++**

**At least 50% of all
cities to become
Water+**
